#### Unaudited Disclosure Statement For the quarterly reporting period ended 30 September 2023

The disclosure statement is prepared to comply with the relevant provisions of the Banking (Disclosure) Rules made under section 60A of the Banking Ordinance for the quarterly reporting period ended 30 September 2023. The disclosure statement is not required to be, and has not been, audited by our independent auditors.

The Unaudited Disclosure Statement of Goldman Sachs Asia Bank Limited (the "Company"), a restricted licence bank, is published on its parent company's website as the Company does not maintain a website of its own:

https://www.goldmansachs.com/disclosures/gsab-disclosures/financial-disclosures.html

#### 1 General information

The Company is a restricted licence bank under the Banking Ordinance in Hong Kong. It is also a registered institution under the Hong Kong Securities and Futures Ordinance.

The Company has been established to provide the clients of The Goldman Sachs Group, Inc. and / or its consolidated subsidiaries (together, the "Firm") in the Asia excluding Japan region with the opportunity to transact business with a bank counterparty located in Asia.

The Company's principal activities are to engage in over-the-counter derivatives and deposit-taking. These activities are conducted in cooperation with the affiliated companies within the Firm, which give rise to service fee income and expense.

# 2 Key prudential ratios

The Company is regulated by the Hong Kong Monetary Authority (the "HKMA") and as such is subject to minimum capital and liquidity requirements. The Company computes capital ratios in accordance with the Banking (Capital) Rules (the "BCR") of the Banking Ordinance. In addition, liquidity ratios are computed in accordance with the Banking (Liquidity) Rules (the "BLR") of the Banking Ordinance.

The capital adequacy ratios are measures of regulatory capital to risk-weighted amounts ("RWA"). RWA represent the sum of the Company's exposure to credit risk, market risk and operational risk calculated in accordance with the relevant provisions of the BCR. The Company has been exempted by the HKMA under section 22(1) of the BCR from the calculation of market risk under section 17 of the BCR for 2023.

The Common Equity Tier 1 ("CET1") ratio is defined as CET1 divided by RWA. The Tier 1 capital ratio is defined as Tier 1 capital divided by RWA. The total capital ratio is defined as total capital divided by RWA.

The leverage ratio ("LR") is defined as Tier 1 capital to a measure of total exposures, defined as the sum of on-balance sheet exposures (after certain Tier 1 capital deductions), certain derivative exposures, securities financing transaction exposures and other off-balance sheet exposures.

The liquidity maintenance ratio ("LMR") is calculated as the arithmetic mean of the average LMRs of the three calendar months within the quarter. The average LMR of each calendar month is the figure reported in MA(BS)1E Return of Liquidity Position submitted to the HKMA.

The Company is a category 2 institution (not designated as a category 2A institution) under the BLR. Hence, the liquidity coverage ratio, net stable funding ratio and core funding ratio are not applicable.

- (i) The decrease in countercyclical capital buffer ratio as of 30 September 2023 from the previous reporting period is mainly due to a higher proportion of RWA from a jurisdiction with a jurisdictional countercyclical capital buffer requirement of 0%.
- (ii) The decrease in leverage ratio as of 30 September 2023 from the previous reporting period is mainly due to higher on-balance sheet and derivative exposures.
